## Race Structure

## DYNAMIC CATEGORIES

Categories will be set each week to create fair and competitive racing groups based upon the available competitors. There are no set limits to each category, but upon registration we will look at an athlete's historic power profile and group them with similar ability athletes to create a fun and fair race. We may ask for an FTP test if an athlete is a new to the platform. Athletes may change categories week over week if their performance or the available competition field dictates a change.

## DAYS / TIMES

All races will occur on Sunday.

Start times will be the same each week. *All times are in Gulf Standard Time (UTC +4).*

**Men** // 2pm GST

**Women** // 4pm GST

## **COURSES**

Each week will feature a new racecourse. The men will race for approximately 45km and the women will race for approximately 35km.

## **RACE FORMATS**

All races will follow the “scratch race” format. Racers will be awarded based upon their position at the finish line.

There will be segments throughout some of the racecourses, but these have no impact on the overall results. They are just an added competitive moment in the race.

## QUALIFICATIONS

Each qualifier race will have prize money for individual riders; however each month will conclude with a Monthly Final event which will have prizes for both individuals and teams. In order to qualify for an invitation to the Monthly Final event, an athlete must participate and complete 2 out of the available Sunday Race Club qualification races throughout the month.

For example, in August 2022, the schedule is:

- **August 7<sup>th</sup>**: Qualification Race #1
- **August 14<sup>th</sup>**: Qualification Race #2
- **August 21<sup>st</sup>**: Qualification Race #3
- **August 28<sup>th</sup>**: Monthly Final Race

An athlete would need to participate and finish any 2 of the first 4 weeks in order to be invited to the monthly final.

If a rider is removed from the results post-race or encounters a technical issue that stops them from completing the race, then that race will **not** count towards qualification. *MyWhoosh reserves the right to qualify a rider based upon outstanding conditions.*

## TEAMS

A team must have at minimum 3 racers to be eligible for team prizes.

A team may have at maximum 5 racers.

Teams must register with the same team name each week.

A rider can join a team at any time throughout the month, however a rider cannot switch teams mid-month.

If a rider changes category throughout the month and cannot race with their previous team, they may race as an individual or start a new team in the different category.

## Competition Format

## REGISTRATION

Each race is published at <https://event.mywhoosh.com/> at the start of the month and athletes may register for any of the 3 or 4 qualification races at any time.

Registration for each week's qualification closes 12 hours prior to race start.

All participants will be given their assigned category and a start list of fellow competitors no less than 2 hours prior to the race start.

Registration is subject to approval by MyWhoosh and MyWhoosh reserves the right to refuse registration for any reason.

**ALL** participants will need to submit a weigh-in video no more than 48 hours prior to the start of the race and no less than 12 hours prior to the start of the race at <https://mywhoosh.com/weightvideo>

## RESULTS

MyWhoosh will publish provisional results via <https://mywhoosh.com/results/>

## FINISH TIMES

All finish times and positions will be taken from the MyWhoosh Servers, regardless of what the in-game imagery may show on your local device.

## TIES

In the unlikely event two or more competitors receive the same finish time from the server, then the video feed from MyWhoosh Headquarters will be used as the photo finish to break any ties and assign correct finish positions, while maintaining the same finish time for each rider. In the event that the video feed is unclear, riders will be given the same finish position for that stage, and both will receive the prize money.

If there is a tie in the overall classification, the rider with the highest finishing place in the most recent stage will be given the higher position.

## **VERIFICATION**

All results and performances are subject to post-race verification and no result shall be deemed final until all post-race verification measures have been fulfilled.

## **REMOVAL OF RESULTS**

If a rider has their result annulled or disqualified for any reason, their finish time shall be removed from their individual and their team overall classifications.

## **POST-RACE CATEGORY ADJUSTMENT**

A rider may have their result changed to be participating in a different category from the one they completed the event with if MyWhoosh determines their data justifies such a change. This race will still count towards an athlete's qualification races.
